

Website Design

Directions: After learning about key features of a company website, decide what your company website should look like. Use the chart below to map out your website and assign tasks.

Company Name: _____

Purpose of Website: _____

Webpage <i>ex. "Products"</i>	Content <i>List all products available and include picture, short description, and price</i>	Team Members <i>ex. "VP of Design"</i>

Submit all webpage content to CEO by (Date): _____

CEO will then compile the website and make link available to share before sales.
