Dear Parent/Guardian,

Congratulations! Your child will be taking part in an exciting classroom enrichment program called ID8. Your educator is providing your child with an opportunity to advance important real world skills like critical thinking, collaboration, and creative problem solving. During BizWorld, your child will work in groups to start and run a real-world business. They will

- raise funding by selling shares of company stock or taking out a bank loan
- design and mock up their own app
- market their company and sell goods through a website or App marketplace
- learn about the importance of managing finances
- develop teamwork and leadership skills

If you would like to learn more about the BizWorld and how you can reinforce your student's learning at home, please go to our website at www.bizworld.org/parent-subscribe for more information and helpful tips.

There may also be opportunities to volunteer in your child's classroom during this experience. Please contact your child's educator directly to learn more.

Sincerely,

The BizWorld.org team
