14.1 Website Design

Directions: After learning about key features of a company website, decide what your company website should look like. Use the chart below to map out your website and assign tasks.

Company Name: _____

Purpose of Website: _____

Webpage ex. *"Products"*	Content *List all products available and include picture, short description, and price*	Team Members ex. *"VP of Design"*

Submit all webpage content to CEO by (Date): _____
CEO will then compile the website and make link available to share before sales.
